
Safety Handling

Series 70 YT inks

- Are formulated to be free from any carcinogenic mutagenic or reprotoxic chemicals.
- Are formulated free from lead and other heavy metals and therefore should comply with the EN71-3: 1995 toy safety regulations.

Comprehensive information on the safety and handling of Series 70 YT inks and cleaner is given in the appropriate Sericol Safety Data Sheet available on request.

Environmental Information

Series 70 YT Inks

- Do not contain ozone depleting chemicals as described at the Montreal Convention.
- Are formulated free from aromatic hydrocarbons known to have an adverse effect on the environment.

The information and recommendations contained in this Product Information sheet, as well as technical advice otherwise given by representatives of our Company, whether verbally or in writing, are based on our present knowledge and believed to be accurate. However, no guarantee regarding their accuracy is given as we cannot cover or anticipate every possible application of our products and because manufacturing methods, printing stocks and other materials vary. For the same reason our products are sold without warranty and on condition that users shall make their own tests to satisfy themselves that they will meet fully their particular requirements. Our policy of continuous product improvement might make some of the information contained in this Product Information sheet out of date and users are requested to ensure that they follow current recommendations.
