

Frontlit Duostar

Description Frontlit Duostar is a double sided printable PVC banner with two face finishes, gloss and matt in one product. It is ideal as an all round banner product suitable for most applications.

Features Frontlit Duostar has been developed as an all purpose banner for solvent printers. It features a dense surface, excellent stay-flat properties and is tear and splice resistant as well as being flame retardant and therefore suitable for use in applications where fire regulations are in force.
